

# HAULAGE GUIDE

**LYNCH**

# WE ARE LYNCH

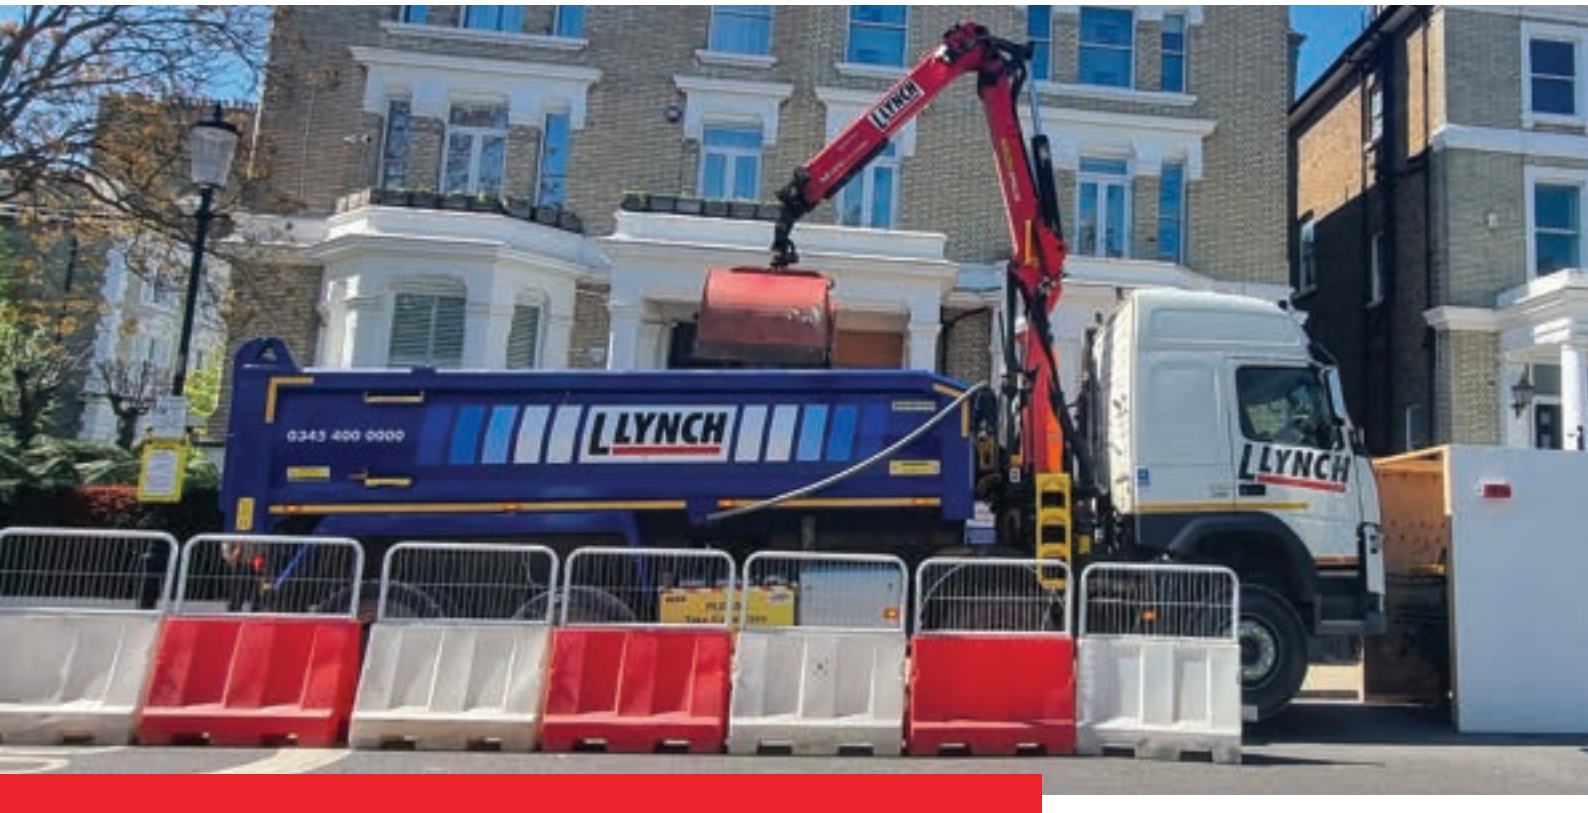

Welcome to Lynch, we are **the leading provider of Tipper and Grab Lorries** in the UK. We are well disposed to meet your **Haulage and Muck away** requirements.

Our **state of the art lorries** complete with **experienced operators** guarantee you the best service and support available.

We offer full **on-site safety compliance, off-site waste compliance** and **innovative recycling methods**.

At Lynch, we are aware of the importance surrounding environmental issues and therefore embrace such regulations in order to develop a more **sustainable future**.

# MUCK AWAY

## Tipper & Grab Lorries:

- 120 vehicles
- 24 hour services available
- UK-wide coverage
- Self-drive contracts available
- Vehicles renewed every 3 years

## Why use a grab?

- No machinery required for loading
- No need to organise skip permits
- Able to access the most difficult sites

# SERVICES

## We can remove:

- Inert soils
- Non-hazardous soils
- Hazardous soils
- Knotweed & asbestos impacted soils
- Concrete
- Hardcore
- Tarmac
- Site construction waste

## Plus:

- Dig load & cart muck away packages
- Job specific reports to suit your waste management needs

# RESOURCES

## SOIL TESTING

---

Before starting a construction project, **soil testing** must be carried out to identify **contamination issues** or to **classify waste for disposal**.

If you don't already have a soil report, Lynch is able to quickly arrange this for you.

## MATERIALS

---

We provide solutions to your **aggregates** and **recycled materials** delivery needs.
